TROUBLES NOT ENDED.

Ugly Features of St. Louis Streetcar Strike Pointed Out.

MURDER AND RIOT HAVE PREVAILED.

About Two Hundred Arrests Have Been Made and a Number of People Have Been Killed. World's Fair Involved.

St. Louis, May 24.—The seventeenth day of the strike inaugurated by the employees of the St. Louis Transit company opened with the settlement apparently further away than ever. Neither side to the controversy seem willing to end it. The Transit company has resumed service on all of its lines except the Broadway, Northern Central, Southwestern, Union and the South Sixth divisions, and attempts may be made at once to run cars on some of these. On the lines in operation the street railway officials assert they are daily running more cars and carrying additional passengers.

Nonunion men continue to come in from other cities, and as fast as they arrive the company puts them to work. Word was received from Cleveland that 42 ex-employees of the Big Consolidated Streetcar system had been sent here to take the place of strikers. Thus far no general sympathy strike among labor unions has been called, as had been expected there would be. The different trades and labor organizations are showing their sympathy with the strikers by contributing to their support and passing rules fining members for riding on the streetcars.

Union labor has brought the World's fair question into the strike controversy. At a massmeeting held a resolution was passed to the effect that all union labor throughout the United States be asked to instruct their representatives to oppose the passage of the World's fair appropriation bill, unless the St. Louis Transit company settles the strike satisfactorily to its former employees. The resolution has been wired to John B. Henderson, speaker of the house of representatives.

Since the strike began 200 arrests of persons alleged to have violated the law in its connection have been made, 25 warrants have been issued, 10 indictments reported by the grand jury, and the remainder of the cases have been taken to the police and United States courts, where many of them are still pending. Many have been arrested for murder, as a number of people have been killed.

Comparatively few of the cases have yet been tried for the reason that the police have been so busy with the strike that they have little time to appear in court. For their convenience, the cases have been continued from time to time, that they might remain out on duty.

Governor Stephens is here for a conference with the police authorities on the strike situation.

Views of Governor Stephens.

Governor Stephens talked freely of the strike situation, as follows:

"I am satisfied that the trouble along the streetcar lines and the whole spirit of anarchy, which I find prevails so largely in the city of St. Louis, is being fomented and extended by the machinations of a certain coterie of Democratic politicians, who hope by their course to in some manner make gains in the approaching party primaries. This element is sending speakers to meetings held to express sympathy for the strikers all over the city, and if not counselling disorder, it is at least materially encouraging it."

"These persons are responsible for the many effigies of myself and the police authorities which I find dangling from poles and utility lines on many streets. It is as a result of their movements that I have received many letters threatening my life should I continue to do my duty and provide officers to protect the company."

"I desire to say further that if, as governor of Missouri, with all the power vested in my office for that purpose, I can put an end to the disgraceful—I might say abominable—condition that prevails in St. Louis, I shall employ every iota of that power. The riot and disorder of every unlawful kind must cease."

A statement shows that since the strike began three persons have been shot and killed, 16 wounded by bullets and 31 otherwise injured.

Albany, May 24.—It is understood here on excellent authority that President McKinley has offered to Charles T. Saxon, formerly lieutenant governor of the state and at present judge of the court of claims, the position of service advocate of the island for Porto Rico. He probably will accept.

READY TO QUIT

Kentucky Republicans Will Turn Offices Over to Democrats.

Frankfort, Ky., May 24.—Republican Auditor Sweeney sent for Democratic Auditor Coulter and notified him he was ready to turn over the state records and possession of the office in the state house, without waiting for action of the court of appeals. The transfer was made later. It is understood the other Republican officials will do likewise in the next day or two, and that by next week the state house will be officered exclusively by the Democrats.

The Democratic state executive committee, which met here, has drawn a big gathering of Democratic leaders. The convention to nominate delegates to Kansas City will be held the last week in June, and the committee is said to be nearly evenly divided on the proposition to hold a separate convention later to nominate a candidate for governor.

The Cuban Elections.

Havana, May 14.—Except among Cuban politicians, there is comparatively little interest in the approaching elections. This is shown by the very light registration. One of the worst features of the situation is the fact that as soon as a party sees it is not likely to win in a particular quarter, it withdraws its candidate and declares that everything has been arranged unfairly with a view of defeating him. The Democratic Union and Republican parties have both withdrawn their candidates in Havana, leaving the election a practical walkover for the National party. On the other hand, at Matanzas and Santa Clara the Republicans are likely to have easy victories.

Chairmakers Organize.

Cincinnati, May 24.—The Central Chair Manufacturers' association has been organized here by 25 men, who represented 95 per cent of the chair manufacturers from Michigan, Indiana, Ohio, Pennsylvania, West Virginia and all the southern states. The purpose of the organization is to protect the trade and to secure equitable railroad rates and have some understanding in regard to breakage. The new association elected officers as follows: President, J. H. Crafton, Marietta, O.; vice president, F. Weikel, Louisville; secretary, F. Stark, Aurora, Ind.; treasurer, R. E. Cornelius, Indianapolis. C. C. Cosgrave of Cambridge, O., was appointed traveling secretary.

South Dakota Republicans.

Sioux Falls, S. D., May 24.—The Republican state convention adjourned sine die at 4 a. m. The ticket as completed is as follows: Governor, Charles N. Herried; lieutenant governor, George A. Snow; secretary of state, O. C. Berg; treasurer, John S. Chamber; auditor, J. D. Reeves; superintendent of schools, E. E. Collins; land commissioner, David Eastman; attorney general, John L. Pyle; railroad commissioner, Frank Lecoc; Thomas Fitch of Grant county, A. R. Brown of Lincoln county, Charles Thompson of Hand county and A. H. Marble of Butte county were chosen presidential electors.

Raised Money.

Berkeley, Cal., May 24.—Over \$3,000 has been raised by Professor E. B. Clapp, head of the department of Greek, as a portion of the contribution of the University of California toward the permanent endowment of the American school of classical studies in Athens, Greece. Professor Clapp has pledged the university to raise \$2,000 more. Of the amount already secured \$1,000 was given by Mrs. Phoebe Hearst.

Dr. Cable Arrested.

Athens, O., May 24.—Dr. Charles W. Cable of Nelsonville, one of the board of pension examiners, was arrested for trying to incite a mob to lynch the negro, Gardner. Cable addressed a crowd of 500 on the courthouse square and offered to lead the mob against the jail, but Sheriff Porter had a strong guard and they were fearful of the consequences.

Men Out of Work.

Joliet, Ills., May 24.—Nearly 1,000 men were thrown out of work when the converter and billet mills of the Illinois Steel company were closed for an indefinite period. It is stated that the closing of the tin plate mills of the Great Western company, on account of a strike, is responsible for the shutdown of the Illinois Steel company's billet mills.

Washington, May 24.—Postmaster General Smith has received a report from the director of posts of the Philippine Islands, under date of April 14, in which he states that with all expenses paid there will be a profit of over \$16,000 for the 11 months from May 1, 1899. This, he says, makes absolutely certain a continuance of service until June without a deficit.

ABOUT NEELY'S DEALS.

He Proposed to Purchase the Isle of Pines South of Cuba.

CHANGE MADE BY DIRECTOR BRISTOW

Other Points of Interest Growing Out of the Recent Discovery of Frauds in the Conduct of the Cuban Affairs.

Havana, May 24.—Charles F. Neely's most important scheme was the contemplated purchase of the Isle of Pines, south of Cuba, which is considered by many to be a part of the United States territory, according to the treaty of Paris. Neely started a company here last fall for the purpose of obtaining control of a valuable part of the island, with the object of colonizing it as an United States possession. Interested with him were Major Ladd, treasurer of the island of Cuba; Brigadier General Chaffee, Major Ducker, Mr. Hake of Chicago, and, it is said, many prominent politicians in the United States.

Options were obtained on 10,000 acres of land and agents were engaged to make negotiations for the majority of the remaining 400,000 acres.

Neely's arrest has killed the scheme, and the options expired last week and \$2,000 was forfeited.

Governor General Wood has placed two inspectors in Major Ladd's office for the examination of the treasurer's accounts.

Director General of Posts Bristow appointed George R. Buchanan as disbursing officer for the department, at a salary of \$2,000, and discontinued the office of superintendent, held by Mr. Carter, whose salary was \$2,500 a year.

Only \$44 in surcharge stamps have been found in the office here. There is no trace of Neely's ledger. It was probably destroyed. The inspectors discovered a shortage in Neely's accounts outside of the amount supposed to have been taken in stamps, but probably it will not raise the estimated defalcation of \$100,000. Evidence is accumulating against Neely. There will probably be several counts against him if he is brought back for trial.

No Action by Roosevelt.

New York, May 24.—The hearing before Governor Roosevelt at Oyster Bay of the application for the extradition of Neely to Cuba was held in private, only the governor, his private secretary and United States District Attorney Burnett, representing the government, and John B. Lindsey, counsel for Neely, being present. After the short session the governor came out of his library and made a brief statement to the newspapermen. He said that before he would take any final action in the matter he would confer with the state attorney, probably on Saturday, on the questions of law raised by counsel as to his power to grant the requisition papers. This power, the governor said, it was conceded was vested by the constitution in the governor.

Examination Postponed.

New York, May 24.—The examination in the case of Charles F. W. Neely, charged with misappropriating \$36,000 of Cuban postal funds, which was to have come before Commissioner Shields, has been adjourned until Monday next, pending action in the requisition proceedings before Governor Roosevelt, which are to take place at Oyster Bay.

Some Have Gone Home.

St. Louis, May 24.—There was a perceptible decrease in the attendance at the Presbyterian general assembly. Some of the weightier matters having been disposed of number of commissioners have left for their homes. All of the principal reports have been submitted, and with the exception of the Peoria overture, which occupied the time of the assembly, the remaining business will be mainly routine. Stated Clerk Roberts announced that if the business in hand shall be disposed of speedily the assembly will adjourn Saturday. Governor James L. Mount of Indiana presided at the Echo meeting of the Ecumenical council.

In Honor of Queen's Birthday.

New York, May 24.—The shipping in the harbor was gaily dressed with bunting in honor of the anniversary of Queen Victoria's birthday. The Union jack was floating above the British consulate's office, but the office itself was closed. The British flag was displayed in many places in the city.

Berlin, May 24.—Riots have occurred repeatedly within the last few days in the province of Pomerania, Prussia. The cavalry was summoned and attacked the crowd, and a score of persons were injured.

ACTION RECONSIDERED

About Secretary of Freedmen's Society—Date of Adjournment.

Chicago, May 24.—Election of eastern and western publishing agents, to superintend the offices of the Methodist Book Concern at New York and Cincinnati, over which a lively contest has been anticipated, was on the program of the Methodist general conference.

Previously to the election, however, the conference got into a parliamentary tangle over the report of Governor Patterson, chairman of the special committee appointed to change the constitutions of the various church societies, to conform to the action of the general conference last week in voting but one secretary and one assistant secretary for the church extension, the Missionary society and the Freedmen's Aid and the Southern Education society. After a sharp debate a motion to reconsider the action of the conference as regards the cutting off the additional secretary of the Freedmen's Aid and Southern Education society was adopted.

The records were demanded, and after being produced Presiding Bishop Walden ruled that the whole matter was before the conference for action.

A deluge of substitutes, amendments and motions to postpone followed, and despite the appeal of delegates against allowing the color line to be touched by the Methodist body, there was not a little heated discussion over the possible election of a colored secretary of the Freedmen's Aid society.

A motion, with the object of postponing the whole matter for four years, was tabled, and after further extended debate the amendment offered by Delegate Welsh of Wyoming, excepting the Freedmen's Aid society from the previous action of the conference, thus allowing that society two secretaries, was adopted.

The conference voted to adjourn sine die at 12:30 p. m., Tuesday, May 29.

Petition From South Carolina.

Washington, May 24.—Senator Chandler presented a petition from 16 ministers of South Carolina calling attention to the political conditions in that state, declaring that the colored residents of South Carolina are disfranchised.

It refers to the speech of Senator Tillman, in which he acknowledged that the white men took control of the state of South Carolina and "bulldozed the niggers, and were not ashamed of it." The petitioners are exceedingly pained to think that in the chief lawmaking body of the nation our state is represented by one who makes such an unabashed and blunt avowal of high crimes against the constitution of his country, while outraging the feelings of 10,000,000 citizens of this republic.

For correction of abuses the petition asks for legislation to reduce the representation of states in congress where the colored vote is nullified, and the appointment of a committee to investigate conditions in South Carolina.

Not a Unanimous Report.

Washington, May 24.—The industrial commission has completed its report on general labor laws, and it will be forwarded to congress Saturday. This report, it is said, will be of as much or greater capacity than the report on trusts. It will be found possible to make a number of specific recommendations, one of the principal ones being that labor laws be made uniform throughout the states. The report will not be unanimous, however, as a number of the southern members of the commission are more conservative in their views on this question. As a result there will be several minority reports. The report will also contain a digest of national and state labor legislation.

To Aid War Sufferers.

London, May 24.—The Princess of Wales, at Kensington, opened the great national bazaar in aid of the sufferers from the war. The magnitude of the present undertaking, which last three days, quite eclipses the similar affair held in June of last year in aid of the Charing Cross hospital. Although much space in the Palace hotel has been given to the bazaar, the enterprise has attained such huge proportions that vast marques have had to be erected in the adjoining grounds.

Compulsory Insurance Defeated.

Berne, Switzerland, May 24.—A bill, which the assembly had adopted, making compulsory the insurance against accident and illness of all persons not earning their own living, the Confederation contributing toward the expense, was, upon submission to the people according to the Swiss law, defeated on May 20 by a majority of 170,000, the vote standing 320,000 against the measure to 150,000 in its favor.

Failure Announced.

New York, May 24.—The failure of Price, McCormick & Company has been announced on the Cotton Exchange.

NEWS FROM THE FRONT

General French Is Chasing Boers North of Rhenoster River.

TIME SET FOR REACHING THE VAAL.

British Forces Under Buller Have Crossed Into the Transvaal From Natal but Are Held in Check at Laings Nek.

London, May 24.—General French has reached Prospect Station, about five miles north of Rhenoster river. The Boers are retreating to the Vaal. A dispatch from Rhenoster dated Wednesday says: "The general opinion is that we will arrive at Pretoria as fast as we can march, though the Boers announced to all the country-side that they intend to fight to the death."

General Ian Hamilton is co-operating in the advance on the right. Thus Lord Roberts, who presumably is a few miles behind General French, will reach the Vaal before the end of the week.

Natives report that the Boers have turned two guns in Rhenoster river.

In Natal General Buller's forces have crossed into the Transvaal near Ingogo, but are still held at bay at Laings Nek, where the Boers are entrenching themselves. With the exception of this pass, Natal is clear of Boers.

They have a big gun posted, but it is doubtful if they will be able to hold the position when threatened by a flanking movement from the force that crossed the Ingogo river.

A dispatch from Pretoria announces that the first train north entered Mafeking May 22, and that the first train south is expected next week. It is said the relief of Mafeking was due to a blunder of one of the Federal officers, by which General Delarey was foiled in his plan to cut off the relief force, after driving them away from the Molopo river.

It is added that the Federals have resolved to make a determined defense of the city of Johannesburg. Klimke, the state mining engineer, has been given six months' leave of absence, presumably for protesting against the proposition to blow up the mines.

A special dispatch from Newcastle, Natal, says the Russian ambulance corps with the Boers is disgusted with their conduct, and has requested the czar to recall it.

The Boer Envoy.

Washington, May 24.—The plan of campaign of the Boer peace commissioners has not yet been fully outlined. They probably will remain in Washington until Tuesday, after which they will begin a tour of the west, as has been previously intimated. Mr. Fisher of the delegation is now busy outlining this itinerary, but he said it was too early to give any definite details of that plan. Mr. Wessels, one of the members, who speaks good English, probably will go to Bridgeport on Saturday night with Representative Lentz of Ohio to address a Boer meeting there. The delegates have not yet decided whether or not they will issue an official statement before leaving Washington.

Peppered the British.

Pretoria, May 24.—An official bulletin says: "Sixty British cavalry came into collision on May 20 with 80 of the Swaziland commando at Shoepers Nek. The fighting lasted an hour. The British lost 27 killed, 25 wounded and 11 were taken prisoners. Twenty-five horses, two Maxims and a quantity of ammunition were also captured. The Federals lost 1 killed and 1 wounded. They assisted to remove the wounded and bury the dead. The advance guard at Heilbron retired on the main body at the northern border."

Fighting Spirit Revived.

Boer Camp, Volksrust, May 24.—The British crossed the Buffalo river and were within sight of our position. They are busy emplacing heavy cannon at Schuinshoogte, near the scene of the battle on the Ingogo river in 1881. It is reported that fighting occurred at Botha's Nek. Chris Botha, brother of the commander-in-chief, has been appointed assistant to the commander-in-chief, and has given great satisfaction. He has revived the fighting spirit in many of the federals.

Seely Elected.

It seems to be "all the fashion" now for Republicans to ignore or defy the Constitution of the country.

Governor Mount, of Indiana, is following in the footsteps of other Republicans in his disregard of the Federal Constitution.

The Democratic State Executive Committee Thursday issued a call for a State convention at Louisville June 14th to select delegates to the National convention. County mass conventions for this State convention will be held June 9th. Another convention will be held July 19th at Lexington to nominate a candidate for Governor.

MOUNT AND THE CONSTITUTION.

The Indianapolis News, one of the leading Republican organs of that State, rakes Governor Mount fore and aft for his defiance of the Federal Constitution. Here is what it says:

There is now only one Governor, and that is Beckham, whose title is incontestable. Governor Mount, therefore, in refusing to honor his requisition for a fugitive indicted for crime, exercises a dangerous discretion, if it is a matter in which discretion may be exercised. The provision of the Constitution governing such cases is mandatory.

The Constitution of the United States, Article 4, Section 2, says: "A person charged in any State with treason, felony or other crime, who shall flee from justice, and be found in another State, shall, on demand of the Executive authority of the State from which he fled, be delivered up, to be removed to the State having jurisdiction of the crime."

Finley is in the State of Indiana, and how the Governor can hold and protect him here permanently is difficult to understand. In truth, when reduced to its last analysis, this course puts the Governor in the unfortunate attitude of opposing the law and the courts and all the safeguards which centuries of civilization have erected at such cost and travail.

THE SUPREME COURT.

Political Affiliations of the Members—By Whom They Were Appointed.

[Lexington Leader.]

Unusual interest attaches at this time to the membership of the Supreme Court of the United States, the politics of its members and by whom appointed.

Chief Justice Melville W. Fuller is a life-long Democrat, and was appointed from Illinois by President Cleveland in 1888.

John M. Harlan was a Union man and leading Kentucky Republican and was appointed by President Hayes in 1877.

Horace Gray, Republican, was appointed from Massachusetts by President Arthur in 1881.

David J. Brewer, Republican, was appointed from Kansas by President Harrison in 1889.

Henry B. Brown was appointed from Michigan by President Harrison in 1890.

George Shiras, Jr., Republican, appointed from Pennsylvania by President Harrison in 1892.

Edward D. White, Democrat, appointed from Louisiana by President Cleveland in 1894.

Rufus W. Peckham, Democrat, appointed from New York by President Cleveland in 1895.

Joseph McKenna, Republican, appointed from California by President McKinley in 1898.

President Hayes appointed one member of the court, the oldest in point of service; President Arthur appointed one and President McKinley one, while Presidents Cleveland and Harrison each appointed three members, the Cleveland list including the Chief Justice.

Justice Harlan was practically the only one who dissented from the opinion in the Beckham-Taylor case. Justices Brewer, Brown and McKenna dissented from portions of the opinion; they held the court had jurisdiction in such cases, but were of the opinion that Beckham was entitled to the office.

CHRISTIAN WOMEN.

Annual Convention of Their District Board of Missions—Beasley the Banner Auxiliary.

The annual district convention of the Christian Woman's Board of Missions held at the Christian Church Thursday attracted a large crowd from Mason and adjoining counties and proved a most pleasant occasion. Several other denominations were well represented. At noon the delegates and all visitors enjoyed a bountiful and most tempting lunch served in the chapel by the ladies of the church.

Mrs. Dr. Wells, of Vanceburg, District Manager, presided. She is one of the most zealous and faithful workers, presides with ease and dignity, and is ever ready with timely and pointed remarks on any question that presents itself. Miss Edith Lander, of Flemingsburg, acted as Secretary.

Mrs. J. C. Frank, of Poplar Plains, conducted the devotional exercises at the opening. Miss Sallie Wood then, in a five minutes' address, extended a most cordial welcome.

Mrs. Lee Fox, of Mayslick, was not present, and Elder Jos. Severance responded briefly on behalf of the visitors to the words of cordial greeting.

Short addresses were delivered by Elder Severance, Elder R. L. Cartwright and Elder Howard T. Cree on "Why No More Time For the Master's Work." They spoke from the minister's viewpoint. Two reasons assigned were that church members expected ministers to make too many social calls, and also too often require them to do much other work that could be done as well by the members themselves.

Mrs. J. C. Pickett, of the Beasley Church Auxiliary, read a splendid paper on "How to Make the Local Auxiliary a Success." "Information and Consecration" were the keynotes.

The address of the day was delivered by Mr. Yutaka Minakuchi, of Japan. Mr. Minakuchi was converted under the preaching of Miss Lavinia Oldham, a missionary who went from Mt. Sterling. He is now attending the Bible College at Lexington. He is a very graceful and fluent speaker, full of zeal and enthusiasm, and his address reviewing the remarkable results of foreign mission work the last hundred years, was frequently applauded.

In the afternoon interesting papers were read by Mrs. Benj. Longnecker, of Mayslick, giving a short history of the C. W. B. M., by Mrs. M. S. Walden, of Danville, on the work of the junior societies, and by Miss Rosa Young, of Flemingsburg, on "Giving." Mrs. I. S. Kay also read an interesting paper prepared by Mrs. J. W. Mathewson, of Vanceburg, on "Bible Chairs." The C. W. B. M. has established and is maintaining bible chairs at Ann Arbor College, at the State College in Virginia, also at Athens, Ga., and in the State colleges of a number of our Western States.

Mrs. J. C. Frank delivered an earnest address contrasting the condition of woman in Christian and non-Christian countries. The high station accorded her and her superior advantages in Christian lands should inspire her to devoted work in the cause of Him who has done and is doing so much for woman.

The Beasley Church Auxiliary reported the banner contribution for the year, the total for all purposes being \$190.10, of which \$70 was sent to the famine sufferers in India. Mayslick was next, with a total of \$100.15, Vanceburg third, with \$62.82.

The total contributions by the counties last year for all purposes were \$553.66, Mason being the banner county.

There are eight junior societies in the district with 143 members, who contributed \$77.62.

Mason has four auxiliaries with 75 members, Fleming three with 35 members, Lewis one with 24 members and Robertson one with 22 members.

"Workers With Christ" was chosen as the district motto.

Flemingsburg was selected as the place of the next convention.

Mrs. Dr. Wells was unanimously re-elected District Manager, and Miss Mae Eshom of this city as Superintendent of the Junior Work.

A collection was taken for the district fund amounting to \$19.46.

The District Manager offered the following suggestions:

1. That the District Manager appoint a local Secretary to assist in the work.

2. In order that the cause be more thoroughly presented and information more certainly disseminated, each county in the district hold a missionary convention each year.

3. That each auxiliary foster and maintain a mission band, be it ever so small.

4. Inasmuch as there is a great lack of missionary intelligence, that the pastors of the district be requested to instruct their congregations from the pulpit with reference to the work of the C. W. B. M., at least once each quarter.

5. In order that the work of the district may be more extensively known, we recommend that we publish a quarterly in the interest of the Maysville district.

Mrs. J. C. Frank, of the Committee on Resolutions, presented the following which were adopted:

Resolved, That in expressing appreciation for

the pleasures of this convention too much compliment can not be given the good ladies of the Maysville Christian Church for their cordial welcome, hospitable treatment and bountiful feast, —sign posts along the way of life which guide us to a better understanding of Him who said I am the Lord your God which have separated you from other people, for ye shall be holy unto me.

Woman whom the Lord hath created shine with lustre in the ordinary walks of life, but when their lives are touched by the divine finger a halo of glory raises them to wondrous power and 'tis easy for hospitality and charm to dissipate all that is not allied with Christ and His church, so with these sisters of Maysville having His spirit to do they move at once to perform and all hearts are made glad who come in touch with them.

To the able efforts of our District Manager do we owe much of the success of the past year's work. Conscientious, faithful and truly zealous she has labored in season and out and the present position of thrift, prosperity and breadth now occupied by the Christian Women's Board of Missions is largely due to her wise course and indefatigable effort.

Since our last convention death has claimed our beloved State Secretary, Mrs. W. S. Keene. Filled with the power of God, thoroughly consecrated in His cause and ever a busy worker in His field, we might deplore her departure hence did we not check our selfish thought and resign ourselves wholly to His will. She rests from her work; the results shall stay with us and with time's advancing march still lead us to that haven of rest to which Sister Keene has gone.

Resolved, That with her bereft daughter we shed the sympathetic tear and mingle with her sorrows our Christian sympathy and love.

STAMP DEALERS NOT SURPRISED.

For Some Time Thought There Was "a Screw Loose" in Havana.

NEW YORK, May 22.—The Evening Post says: "Local stamp dealers are not surprised by the development regarding frauds in the Havana postal service. It has been common talk in the trade for months that there was 'a screw loose somewhere,' for certain men in the business were able to sell the surcharged Cuban postage stamps at suspiciously low figures.

"The demand for these stamps from collectors has been large, opening a way, it is pointed out, by which those concerned in the frauds could find a market for the 'destroyed' stamps in this country, in addition to sales in Havana.

"One New York dealer is known to have made a trip to Havana in company with a dealer from Chicago with the result that soon after their return about \$50,000 worth of the stamps appeared in Chicago. These men, it is said, were also allowed to pick over the stock in Havana and to destroy many of the plate numbers imprinted on the sheet margin, for the purpose of making certain numbers rare and consequently high priced.

THE CONGRESSIONAL RACE.

Hon. W. A. Young Withdrew in the Interest of Harmony.

[Mt. Sterling Sentinel Democrat.] Hon. W. A. Young, of Morehead, was in the city Saturday and informed us that he had withdrawn from the race for the Democratic nomination for Congress in the Ninth district. Mr. Young said that an exciting contest for the nomination between himself and Hon. J. N. Kehoe might endanger the success at the polls of the nominee and that he had concluded it was best to have the nomination made by acclamation, thus avoiding bickerings in the party and securing for the nominee the undivided support of the Democrats of the district. Mr. Young's prospects for the nomination were bright and his withdrawal was only because he desired harmony in the party and the success of Democracy's candidate.

DR. A. H. WALL, who was a surgeon with the rank of Major, in the Confederate army, and is now Commander of the "Joseph E. Johnston Post," Confederate Veterans, of this city, has consented to attend the reunion at Louisville on the 30th. Dr. Wall will be ninety years of age in November next, and is still active and attentive to business. His son, Judge Garrett S. Wall, was Aid-de-Camp on the staff of Gen. R. M. Gano, and entered the Confederate army at the age of seventeen. We predict that the doctor and his son will be the oldest and youngest, respectively, of the veterans at Louisville.

EX-GOVERNOR BRADLEY

Wanted Taylor to Stay in Kentucky and Face His Accusers.

LOUISVILLE, Ky., May 23.—Local Republicans are disgusted with the manner in which Taylor has taken refuge in Indiana and denounce his course as cowardly.

They say if he had taken the advice of the real party leaders he would have remained here, but that he permitted himself to be persuaded by Collector C. E. Sapp to flee to Indiana.

Among others Ex-Governor Bradley is understood to strongly disapprove the late claimant's course.

The fact that he lent an impression to his guilt by running away instead of facing any charges that might be formally made has weakened his hold with Republicans.

—Mr. C. D. Stickley and wife, of Mexico, Mo., are visiting relatives here. Mr. Stickley is doing well in his adopted home.

That Running Mate.

Now that we are at sweet peace with the Philippine Islands, and a large United States army is kept in the tropics doubtless for the entertainment of a people who are not on the circus routes we have the honor to suggest the Sultan of Sulu as running mate for President McKinley. He was the first to get under the American flag with all his wives and concubines and slaves.—Cincinnati Weekly Enquirer.

SAVED FROM ANARCHY

Was the State of Kentucky by the Moderation of Democrats—An Eastern Paper's Views.

The Baltimore Sun, which is an independent and conservative newspaper, supporting the gold ticket of 1896, has the following vigorous editorial in its issue of May 22nd:

"The Supreme Court of the United States decided yesterday that it had no jurisdiction in the contest for the Governorship of Kentucky. The Legislature of Kentucky, under the provisions of the Constitution of that State, is the arbiter of contests for State offices. There was, said Chief Justice Fuller, who delivered the opinion of the court, no appeal from the Legislature's decree 'except to the tribunal of the people.' The case was one which related exclusively to the State, and 'Kentucky is in full possession of its faculties as a member of the Union.' This decision by the highest court in the land effectually disposes of all of 'Gov.' Taylor's pretensions.

"The programme of assassination in Kentucky has proved to be a failure, so far as keeping the Democrats out of office is concerned. All that was accomplished by the murder of Goebel was to transfer the office of Governor to another Democrat, who had been the candidate of his party for Lieutenant Governor. On the other hand the Republican party of Kentucky has been discredited by the crime of some one identified with that organization—a cold-blooded, premeditated crime, which came near plunging the State into a civil war. 'Gov.' Taylor, in view of the Supreme Court decision, is now merely a private citizen of Kentucky, whose pre-

tensions to official station must be abandoned.

"It is of little concern, except to himself, whether he adopts Chief Justice Fuller's suggestion and 'appeals to the tribunal of the people.' Such an appeal would scarce result in his vindication, for his conduct in the days immediately following the assassination of Goebel was not that of a well-balanced man. He deserves no credit for the fact that there was not bloodshed on a large scale in Kentucky after Goebel had been killed by the assassin concealed in the State House. The moderation and good sense of the Democrats alone saved the State from revolution and anarchy."

PITHY POLITICAL POINTS.

No one needs protection from crimes except criminals.

The reason that Mount doesn't want to give Finley up isn't because he believes him innocent, but because he knows it is guilty.

Governor Mount is making quite a mountaineer of himself in the matter of his treatment of the requisition from Governor Beckham.

No one could desire more positive evidence of Finley's guilt than he and Governor Mount are furnishing to the eyes of all reasonable, sensible, honest men.

While Taylor didn't show much acumen as an Executive, yet he is sharp enough, in view of probable exigencies, to put the river between him and Kentucky.

There isn't a man in the State of Kentucky, except those in feeble-minded institutions, but believes that the gang under arrest and surveillance are responsible for the assassination of Governor Goebel.

SAILORS CONVICTED.

Result of a Scrap of Attacks of Texas in a Bermuda Harbor.

Washington, May 24.—Judge Advocate General Lemly has received the records of the court-martial which tried 11 of the sailors of the battleship Texas on charges of "striking a person in the navy," and conduct to the prejudice of good order and discipline."

Secretary Long and Judge Advocate General Lemly join in the statement that there was nothing approaching mutiny aboard the Texas. Nor was any one fatally injured on the ship. The affair grew out of the effort of the master-at-arms to arrest a drunken sailor at Grassy bay, Bermuda, several weeks ago. The men convicted endeavored to free the prisoner from the master-at-arms and a marine sergeant, and in the scuffle the former was cut about the head.

Ascension Day Service.

Cincinnati, May 24.—On the closing day of the fourth national conference of the Luther league the exercises on the program, to have been conducted by C. Olson of Chicago, were abandoned, and the league met early for the regular Ascension day service of the Lutheran church, conducted by Rev. C. F. Steck of Springfield, O., and C. P. Bossert of Lima, O. Afterward Dr. S. S. Waltz of Louisville, fraternal delegate from the General Luther synod, presented the greetings of the oldest Lutheran body in America, to which President E. E. Ellert of New York responded for the Luther league of America. A symposium on league topics and courses of reading was given by L. S. Runyon of New York, Rev. Charles L. Fry, the literary secretary, and others.

On account of the United Confederate Veterans' reunion the L. and N. will sell round trip tickets to Louisville at \$3.10, May 28th, 29th and 30th. Return limit June 6th.
